Donner Museum Given Political Boot By Senate

Original Intent Of Measure Lost As Legislators Spend 16 Million

Here's one of those believe it or not stories and one which incidentally reflects no particular credit on our representative in the state legislature and one which just doesn't make sense.

Several months ago, Senator Harold Johnson of Roseville introduced SB 1729, providing for a museum at Donner Memorial State Park to cost $125,000, the funds to come from the much-sought after beaches and parks fund.

The bill was kicked around, amended to include 16 park projects in the state to cost $15,620,000—and here's the joker—the Donner museum, the original purpose of the bill, was omitted.

Senator Johnson, who originated the bill, voted for it in its amended form, despite the fact the local project was cut out.

The senator couldn't be reached today to tell us why.

Sportsmen Plan For Jeep Caravan

Preparations are being made the first of what is proposed to be an annual family outing for members of the Truckee Outdoor Sportsmen and their families.

Cliff Ellis, who is heading the arrangements committee, said the affair will be held Saturday afternoon and Sunday, June 25 and 26 at White Rock where everything that goes into making a picnic and outing an enjoyable event, will be provided.

Present plans call for the group to leave the Southern Pacific freight depot at noon Saturday. Jeeps and other vehicles capable of making the trip will be on hand and arrangements will be made to transport those without vehicles.

Geno Giovannoni and a committee to be announced will precede the caravan Friday night and prepare the barbecue and other essentials for the assemblage Saturday. Hiking, swimming, fishing and other sports will be available.

Those planning to attend are asked to register with either Ellis or Charles Osburn and advise whether or not they have transportation and how many in their group will attend. This is important so that plans can be completed.

NO BURNING PERMITS FOR BUSINESS AREA

Because of the high fire hazards, Fire Chief N. F. Dolley today announced that no permits will be issued for any type of burning in the immediate business district of Truckee. Recent unauthorized trash fires have caused considerable concern and the rule against any burning will be rigidly enforced, the officer said.

Permits for other fires, such as those in incinerators, may be obtained from Dolley, H. L. Owens, Glenn Coffey, A. Pace or Elden Tonini.

Former Local Teacher To Accept Yolo Job

Mr. and Mrs. Robert Briggs stopped here Wednesday enroute from Woodland, where he has accepted a position as a consultant in education in Yolo County, moving there in July.

The couple left two years ago as teachers in the local schools, Briggs since continuing his university studies in advanced education at Colorado.

Former Truckee Man Injured At Yolo Rodeo

Clair Goode, arena director for the recent Yolo County Horsemen's Association rodeo, held in Woodland was hospitalized with a chipped knee suffered after he was pinned to the arena wall when brushed by a Brahma bull as it came from the chute with a rider.

Goode is a frequent visitor at the home of his mother-in-law, Mrs. Steve Besio. The family formerly lived in Truckee.

Officers To Be Feted At Eastern Star Meet

The local chapter of the Order of Eastern Star will hold a special party night on Saturday, June 11 at Masonic temple.

It will be an "all officers" party and will honor all the officials of the Truckee chapter.

Many guests from northern California are expected and all members are urged to attend this night of fun.

Sister Of Truckee School Official Is Victim Of Crash

Mr. and Mrs. Everett V. O'Rourke and son, Michael, have returned from Boulder, Nev., after attending funeral services on Saturday for Mrs. Roberta Hudlow, 47, sister of the local school superintendent, killed in an automobile accident last Thursday between Boulder and Las Vegas.

Mrs. Hudlow, representative for the National Camp Fire Girls in southern Nevada, was en route to her office at Las Vegas when for some unaccountable cause, the car swerved off the highway and was wrecked. The driver was alone in the vehicle.

A native of Washington, Mrs. Hudlow was prominent in educational circles and formerly was dean of girls at the Boulder high school. Her surviving husband, Lloyd, is resident manager at Hoover Dam and thefamily had resided there for many years.

Surviving beside her husband and brother are two children, Grant, 20, and Joanne, 17, both of Boulder, a brother, Patrick O'Rourke of Grass Valley and her father of the latter city.

During Memorial Day weekend, Mrs. Hudlow and her family visited here and at Grass Valley.

Sympathy is extended to the local members of the family.

CARNELL TO HEAD LIONS CLUB FOR 1955-56 MEETINGS

Floyd Carnell, Tahoe City painting contractor, was elected president of the Truckee Lions Club at the meeting held last night. He will succeed Earl Stice of Truckee.

Other officers named last night include Roy Waters, first vice president; Robert Saunders, second vice president; Robert Seibold, secretary; R. N. Little, treasurer; O. Larrivee, lion tamer; Nace Firpo, tail twister; Dr. Ben King and A. Pace, directors.

The officers will be installed on June 15th.

Guests last night included H. G. Loehr and Hal Welch of Truckee and Dale Hines of Palm Springs.

PHONE COMPANY PLANS WORK HERE

The Pacific Telephone Company proposes to spend nearly a quarter of a million dollars on facility expansion and improvements in the Truckee and Lake Tahoe areas during the current summer months.

Charles F. Berlenbach, local district manager, said he has been advised that $49,800 has been budgeted to provide for aerial cable reinforcement, involving the placing of 30,500 feet of cable in the area west of Truckee, including Donner Lake.

Another $129,200 will be spent for aerial cable construction north and south of the Homewood central office to relieve congested lines and for replacement aerial wire facalities south of Meeks Bay.

A sum of $44,500 will provide for extending exchange cable from the present office into Camp Richardson, Fallen Leaf Lake, Emerald Bay and the U. S. Forest Service home development. This will permit the area to be served on a dial basis.

CAR LOAD OF MEN JAILED AS DRUNKS

In Judge F. W. Wilson's court, it's cheaper by the half dozen.

Monday Charles E. Coleston, Redding, appeared before the court on a drunk driving charge and was sentenced to serve 42 days in jail. He was unable to pay a $200 fine.

Coleston's five passenger companions, William G. Williams, Fred G. Hill, William J. Caldwell and William O'Kane, all of Sacramento and Jessie M. McAdams of Inglewood, were sentenced to pay $20 fines or spend 10 days in jail. They selected the latter.

All were arrested Saturday by State Patrolman Carroll Maynard.

Coleston had an expired driver's license. The car was borrowed.

At Capital—

Mrs. Elwood Buehler, son Eastoi and Mr. Buehler's parents, who are their house guests were recent Sacramento visitors.

First Local Forest Fire Believed To Be Work Of Drunk

Volunteers Quickly Control Fire In Trees Near Highway 40

The first threatening forest fire in this immediate area Monday morning burned over a small area on the hillside north of Highway 40 just west of the James McIver home before it was brought under control by the Truckee Volunteer Fire Department and the U. S. Forest Service equipment.

Fire Chief N. F. Dolley said there was no doubt the fire was set, either accidentally or deliberately. Two state division of forestry blankets, evidently stolen, a book of matches from a local concern and an emptied wine bottle, gave mute evidence that a "wino" caused the fire while slumbering in the shade of the trees two or three hundred feet from the highway.

The fire gave evidence of the dry condition of the needles and brush and but for the speedy work of the firemen, a major blaze may have resulted.

Hospital Host To Staff At Dinner

Officials of the Tahoe Forest Hospital were hosts Friday evening at a dinner given for the staff and friends of the hospital at Donner Lake Lodge. Nearly 100 attended to enjoy the interesting talks and program arranged by Administrator John J. McGlade.

Principal speaker of the evening was John Derry, assistant chief of bureau of hospitals of the state department of public health, whose remarks on the history of hospitals, the long-range planning by his bureau and the potential possibilities of the local institution, were instructive and interesting.

Derry was one of the state officials who gave invaluable assistance in the planning and construction of the Tahoe Forest Hospital.

Master of ceremonies was James Sherritt, president of the board of directors for the district who capably introduced the visitors and officials, while McGlade introduced members of the hospital staff and praised their work and efforts.

C. F. Tollefson, in behalf of the Truckee Rotary Club, presented a plaque for the refrigerated blood bank donated by the club.

DRIVER PAYS $250 FINE IN TAHOE CASE

KINGS BEACH—Ted Kapsas, 21, employed at the North Shore Club, was fined $250 and his driving privileges suspended for 90 days when he appeared before Judge Harry Charrison for driving while intoxicated.

Kapsas was arrested by Patrolman T. F. Sheehan after a minor accident between the defendant's car and a dump truck operated by Charles Wachter of Kings Beach, employed by Carl Brooks.

Leave for Valley

Mr. and Mrs. Lyle Wescoatt and children will leave to make their home in Yuba City next week where he has been transferred by the California Division of Highways. The move will leave one mechanic, William Stevenson in this district until another man is named to replace Wescoatt.

Slates Buy Buick—

Mr. and Mrs. Roy Slate have taken delivery of an attractive gray and white Buick roadmaster hardtop automobile bought from Osburn's Buick Garage.

Going to Oregon—

Mr. and Mrs. Don Sites have as their guest Mrs. Richard Box who with her son, Ray Roberts, will leave at the close of school for Roseburg, Ore., to join her husband.

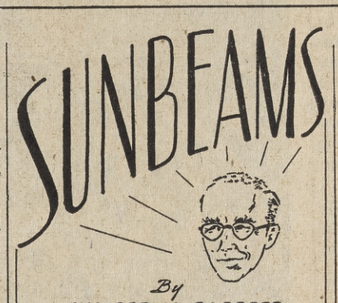
Attended Funeral—

James Harris recently returned from Oklahoma City by airplane having attended the funeral services for his father.

Joins Bank Staff—

Mrs. Connie Euer has joined the staff at the local branch of the Bank of America.

SUNBEAMS



By WALTER M. BARRETT

This week will see the close of schools in the Tahoe-Truckee district for the summer. With the closing, many students will either reach out for higher learning or permit themselves to be absorbed in industry. With current high wages, numerous opportunities for employment and a chance of "freedom," too many will select the latter alternative—a choice which they may regret as years pass. However, we are not the judge, and so to all the graduates we extend our hearty best wishes for the future.

* * *

It is unfortunate that the legislature didn't get around to passing Senate Bill 1315 which would have provided for a bridge over Emerald Bay, giving Lake Tahoe a year around highway circling the lake. The bill, believe it or not, did have opposition. A metropolitan newspaper, for instance, opposed the measure on the basis it would destroy the natural beauty of the region. What a reason. Of course, we all want to preserve the beauties which make Lake Tahoe what it is today, but if we can think of nothing which would add to the grandeurs and make them more available than this important span. The present road will not permit maintenance in the winter months and actually has become a hazard. We can only hope that sponsors of the move will not let the present stalemate stand in their way of continued action to provide this necessity.

BILL WILL PERMIT DELINQUENT TAX LIST IN SIERRA SUN

SACRAMENTO (CNS) — Indications today were that Gov. Goodwin J. Knight will sign AB 444, the controversial measure affecting the publication of delinquent tax lists in California.

The assembly concurred in senate amendments to the bill, which permits boards of supervisors in chartered counties, and tax collectors in non-chartered counties, to publish the delinquent tax list by district instead of in only one newspaper in the county.

The amended bill also provides that in those counties which take the option of breaking down publication, the list shall be published only two, instead of three times.

This amendment was submitted by Senator Nelson P. Dilworth, of Riverside County, who said that the reduction in the number of publication times would help defray the additional cost of publishing in more than one newspaper.

In counties which do not elect the breakdown option, the publication times will remain at three.

The assembly action in concurring in the Dilworth amendment sent the measure to Governor Knight, who has indicated previously to California publishers that he would sign the measure if it reached his desk.

Food Sale

KINGS BEACH—Dorcas Circle, W.S.C.S. of the Community Methodist Church will hold a pastry and cooked foods sale on Saturday, June 18 from 10 a.m. in the store opposite the Buckhorn Inn. The contributors who are well known for their culinary art are looking forward to a quick selling of products.

CAR RECOVERED

A short time after it was reported stolen from Colfax, a station wagon belonging to Grace Williamson, Grass Valley, was recovered by Patrolman Martin Sturcke of the highway patrol near Truckee. It had been abandoned.

REFUSE BILL PASSAGE

SACRAMENTO (CNS) — The state senate has refused passage of a bill which would require notaries public to take a qualifying examination. The bill was passed once, and defeated on reconsideration.

38 Graduate From 8th Grade During Program Tonight

Bequette Will Be Principal Speaker At Program At School

Thirty-eight students will graduate from the eighth grade into the Tahoe-Truckee Unified high school at a program to be held tonight at 8 o'clock in the school cafeteria.

The main speaker of the evening will be Albert Bequette, Placer County superintendent of schools. The class will be presented by Conrad Briner, vice principal of the high school and the diplomas will be given the graduates by E. V. O'Rourke, district school superintendent.

Immediately following the ceremonies, refreshments of coffee and cake will be served. Parents and friends of the graduates are asked to attend.

The graduates are: Janet Allen, Walter Bailey, Sharon Bechdolt, Harold Brown, John Clancy, Anita Diaz, Shiela Fanger, John Firpo, Rosalie Frates, Dorothea Frey, Joy Gelmsted, Marcia Graton, Donald Henry.

Gary Holbrook, Tim Johnson Nancy Kaspian, Errol Kehm, Koby Kiser, George Kenyon, Shirley Kohl, Allen Littlejohn, Tony Marin, Janice Notley, John Quartly, Carol Ann Quilici, Philip Rausch.

Sherman Reams, Gavin Roberson, William Schrader, Pearl Smith, Patty Stinchfield, Shirley Taylor, Judy Vaughan, Jo Ann Van Hooser, Robert Williams, Lillian Wright, Sharyn Wright, Allan Young.

Bill To Bridge Emerald Bay Meets Slow Demise In Senate Committee

Senate Bill No. 1315, which would have provided for construction of a bridge over Emerald Bay at Lake Tahoe, died a natural death in the senate committee on transportation as the sessions ended yesterday.

The measure was introduced by Senators Harold T. Johnson of Roseville and Senator Berry of Placerville. It was designed to eliminate the narrow and hazardous strip of road above Emerald Bay which annually caused the highway around the lake to be closed for several months.

The bill would have taken $1,000,000 from the state park fund to provide the improvement.

Pictures Are Shown At Truckee Rotary Meet

Slide pictures of the Pacific islands and local scenes were shown at the meeting of the Rotary Club at Brown's Cafe Monday night, with Johnny Ciardella as program chairman. The pictures were by Humbert Ciardella, who spent some time in the Pacific with the navy. He discussed the pictures as they were shown.

Starting next week, the club will move to Donner Lake Lodge for the weekly dinner meetings of the summer months.

Frank Fox was a guest at Monday's meeting and Bob Wray of Lake Tahoe was a visitor. Alvah Hooper presided.

Pointer Dog Field Day Planned For Sunday

Local hunting dog owners will be interested in the announcement received by Game Warden Erv Single from the Nevada Pointing Dog Club that the club will holds it first picnic and training trial at Dry Creek near Boca Reservoir starting at 8 a.m. Sunday, June 12.

Owners of dogs of pointing breeds from the entire area are invited to participate. Three classes of dogs will be on trial, the novice, the flash pointers and the steady pointers. Untrained and partly trained dogs are welcome.

The entry fee of $2.50 per dog will cover the actual cost of pigeons and shells used. Applications for participation must be made before Saturday, June 11 and may be made with Harold Cunningham, secretary, 780 Stocker avenue, Reno.

Gary Anderson Is High As Awards Presented Students

The Tahoe-Truckee High School presented its first annual award asembly Friday, May 27.

First award was given to Gary Anderson of Tahoe City for his outstanding achievement in the field of mathematics. This award was sponsored by Sacramento State College and was given the student ranking highest in his school on a scholarship average.

To be eligible for the award, the competing student must have completed one year of algebra, one of geometry and be presently enrolled in a higher mathematics class.

Second award went to Judith Vaughan who was the eighth grade representative of the Tahoe-Truckee High School district in the Placer County spelling contest. Miss Vaughan placed second in this contest that is sponsored by the Sacramento Bee, and received a savings bond as reward for her effort.

Following this award, Coach George Boyle presented the follow-boxers with sterling silver miniature boxing gloves.

Junior featherweight: Ken Osburn.

Junior lightweight: Jim Allen.

Junior welterweight B: Dean Herzog.

Junior welterweight A: Mickey Williams.

Welterweight: Jess Marin.

Middleweight C: Dave Vieu.

Middleweight B: Bob Trask.

The outstanding boxing award was presented to Bob Trask who won his weight division and was unainmously voted the outstanding boxer of the tournament by the judges, Angelo Besio and E. L. Loynd of Truckee, and Bob Beckman of Tahoe City. Coach Jim Brehler rounded out the assembly by presenting 14 members of the baseball team with their block "T"'s.

SECOND BLOOD BANK DEPOSIT PLANNED FOR NEXT AUGUST

The Tahoe Forest Hospital reserve fund blood drive held at the hospital last Wednesday netted only a total of 44 pints, Administrator J. J. McGlade reported. There were 49 donors available, but five were excused for medical reasons.

McGlade thanked the Wyethia Club of Truckee and the Women's Clubs of Tahoe for their assistance in securing donors for the drive.

Hospital records show, McGlade said, that the use of whole blood averages eight and a half pints per month, indicating a need of 100 pints in the reserve to adequately meet the need of the area for one year.

There is another drive being planned for late summer, with a tentative date of August 31, and it is hoped that enough blood will be collected to meet the goal of 100 pints. Further information concerning the late summer blood drive wil be made available at a later date.

LOCAL SERGEANT CONDUCTS CLASSES

A six-hour training period, conducted by Sgt. Ed Freeman was held here last Thursday by members of the Roseville Area of the California Highway Patrol and city officers from Auburn, Roseville, Rocklin and Lincoln. The training was on the proposed more rigid enforcement on the right-of-way motor vehicle code.

The classes considered factual and possible cases, the presentation of evidence and other matters to assist the officers, court and public in clarifying the facts of the laws governing rights of way.

Compact O. K.

The legislature yesterday passed the bill setting up a water compact committee to work out detail with a similar committee from Nevada, problems mutually affecting both states as regards the waters of Lake Tahoe and this region.

Attend Graduation—

Mr. and Mrs. Les Grow Friday attended the graduation exercises at the Carson City high school when Governor Russell was the principal speaker.

Decision Soon On 1960 Olympics; Strong Local Bid

Committee Meets June 14 To Study Bids For Winter Games

All eyes this week are turned toward Paris, France, where, between June 14 and 17, a decision will be made as to where the 1960 Olympic winter games will be held.

The United States committee has entered a strong bid to have the games held at Squaw Valley and the State of California has set up a $1,000,000 fund to be used to assist in financing the facilities if the local site is selected. At latest reports, the Squaw Valley location apparently was the strongest contender and state, national and local officials have added all possible weight to get the contests in California.

Congressman Clair Engle wired yesterday to the effect that the house Tuesday passed his resolution inviting the International Olympic Committee to held the 1960 winter games here.

When signed by President Eisenhower, the resolution will be forwarded by Secretary of State Dulles to the committee meeting at Paris.

A similar resolution from the United States Senate was recently passed at the request of Senator Thomas Kuchel.

A delegation from the United States, headed by Alex Cushing, manager of the Squaw Valley Development Association and prime factor in securing the games locally, will attend the Paris session and present this country's invitation. The only other apparent strong contender is Austria.

Four Injured In Local Car Mishaps

Weekend automobile accidents sent four people to the Tahoe Forest Hospital, the California Highway Patrol reports.

John R. Harrison, 27, Oakland, was treated after the car he was driving down Donner grade at 1:30 a.m. Sunday crashed into a rock embankment and overturned in the road. Two passengers, Phillip Zirillo and Georgia James, both of Oakland, were not hurt. The driver was cited by Patrolmen Martin Sturcke and Carroll Maynard for speeding and being on the wrong side of the road.

Mr. and Mrs. Hans Peter Lundtoft, Alameda, were treated for injuries resulting from their car overturning several times six miles east of Truckee Saturday night at 11:45. Patrolmen Sturcke and Maynard cited the driver for speed and lack of control of his vehicle.

Mrs. Rose Light was hurt when a car driven by Cordis Chism of Oakland was forced off the highway and hit a culvert near Vanderford's on Donner Summit. The second car involved did not stop. Patrolmen Roy Stallard and Maynard investigated.

Albert R. Wright, 30, Draper, Utah, a student at the University of Nevada, escaped serious injury when his car hit a rock and was wrecked five miles east of Truckee at 4:30 a.m. Sunday. Patrolman Sturcke cited him for speeding and being on the wrong side of the highway.

Local Skiiers Win At Sonora Tournament

The Truckee Athletic Club was well represented at the Memorial Day ski meet held at Sonora when five members competed. Norman Taylor placed fifth in the men's B race; Karen Sherick placed first in the women's class C; Mary Ann Tonini, second; Jim Wiggins, third in Class C. Bob Tonini and Noel Cox also raced in class C.

Hamiltons Here

Mr. and Mrs. Monett Hamilton, former owners of Tahoe Lodge, are visiting Truckee and Lake Tahoe this week while they seek the wily trout.

The Hamiltons left the region for Indio about 15 years ago where they are specializing in raising seedless grapes. They have not forgotten the mountains where they are renewing friendships and enjoying a vacation before returning south where they are completing a new home.

VISIT RELATIVES

Mr. and Mrs. Frank Gaiennie drove to Napa over the weekend to visit with their daughter-in-law, Mrs. Daryl Gaiennie and two children who came out from their home in Missouri to see her mother, Mrs. W. H. Wiley. The local family also visited in San Francisco and Berkeley and were glad to get back to the cool of the mountains.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS)—The assembly has given final approval to SB 487, which is a measure fixing salaries of judges throughout the state on a regulated basis, equalized as to size of counties.

The measure may not seem too important to the general public, but in effect, it will result in much more simple handling of the salary bills in the future.

Senator George P. Miller, of Contra Costa County, is the principal author of the bill, but he was joined in presenting the new procedure by Senators Harold T. Johnson, Roseville; John F. McCarthy, Marin County; Randolph Collier, Yreka, and J. Howard Williams, of Tulare County.

This group of senators are members of an interim committee on governmental administration, and in 1953 were given the task of attempting to do something about the usual last-minute rush affecting judges' salaries throughout the state.

In the past, it was the habit of most assemblymen and senators to introduce companion bills in January, leaving blank the amount they intended to pay their superior and municipal judges, and when they received a recommendation from their boards of supervisors or county grand jury, to amend the bill, putting in the salary.

Thus the uniform salary bills will if nothing else, cut down on the number of bills before the legislature.

Then too, some judges got raises, and others did not, due to the potency of some legislators, and the inadequacy of others. This made for a hodge-podge salary scale throughout the state, with constant pressure from the judges for action on the various bills. Some judges were almost constant attendants at legislative sessions while the salary bills were under consideration.

Attempts have been under way to straighten out the inequities for many years, but the Miller committee was the first group which had any success in pushing the attempt to equalize.

The bill itself provides for an annual salary of the chief justice of the state supreme court of $24,000. Associate justices get $23,000 annually. Top salary for superior court judges is $18,000 annually, while the lowest in the scale will get $11,500.

Provision also is made for municipal court judges, and there is a clause in the bill which fixes fees when judges are assigned to other counties. Seven new judges throughout the state are provided for in the bill.

The Miller committee put in some long and arduous research on the superior court judge situation before it came up with the salary bill, according to Earl Waters, who is a consultant to the committee.

With the growing population in California, and the resultant court load, new superior court judge will undoubtedly be found necessary at every session of the legislature from here on in.

The salary bill in effect, takes judges more out of politics, for in the past, they were highly dependent on their legislative representatives to secure for them salaries which provided a proper living scale. Under the new system, if any lobbying is done by the judiciary at all, it would necessarily be to change the entire scale as set forth in the Miller bill.

CHANCE DIMS TO ESTABLISH STATE WATER COMMISSION

SACRAMENTO (CNS)—The last chance for passage of legislation creating a state department of water faded as the senate water resources committee voted to delay AB 777 by Francis C. Lindsay of Placer County.

The measure would set up a department with the attorney general as its chief council in water litigation and a division of water rights which would be under a non-civil service chief.

The committee's action came amid growing talks among legislators of a special sesion of the legislature later in the year to deal with water problems.

Robert T. Durbrow, speaking for the Irrigation Districts Association of California, opposed Lindsay's bill in committee. He objected to provisions of the measure which would give the attorney general power to handle the state's water litigation.

A senate measure which would have excluded the attorney general from water matters and empowered the new department to hire its own water attorneys was refused by the upper house last week.

California had 72,400 acres planted to asparagus in 1954.

Deputy's Kidnapping To Be Radio Feature

GRASS VALLEY—The heroic actions of Deputy Sheriff Elmer Oates on July 18-19, 1953, when he was kidnaped and held prisoner by three bay area young persons will be told in full on the radio and television presentations of "Gangbusters," it has been announced.

Prologue for the program was begun Saturday by Al Trivelpiece and Stanley Halls of Nevada City, who are supplying narration and filming, respectively, in response to a request by Gangbusters' field representative, William Faris of Hollywood. The program will be released sometime late this summer.

The program will tell how Oates during his 26½ hour ordeal at gun point turned the tables on the trio and caused their apprehension after they had forced him to accompany them in flight from Nevada City along with Police Chief J. J. Jackson and the late Hal Frink, deputy sheriff, who were released by the youths shortly after.

NOTICE TO BIDDERS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive, at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, up to, but no later than 8:00 P. M. on Tuesday, June 14th, 1955, sealed bids for blacktopping portion of the Truckee Elementary School grounds, in accordance with specifications on file in the office of the Superintendent of Schools. Bids shall be opened and publicly read aloud at the bave stated time and place.

Bids must be accompanied by a certified check, cashier's check, or bidders bond for Ten (10%) Percent of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and|or waive any irregularities or informalities in the bidding.

ORDINANCE NO. 200

AN ORDINANCE PERMITTING THE COUNTY OF SIERRA, STATE OF CALIFORNIA, TO USE PUBLIC COUNTY HIGHWAY WITHIN THE COUNTY OF NEVADA, STATE OF CALIFORNIA, FOR THE PURPOSE OF CONSTRUCTING AND MAINTAINING THEREON A HIGHWAY TO SERVE THE NEEDS OF RESIDENTS OF BOTH COUNTIES PURSUANT TO SECTION 972 OF THE STREETS AND HIGHWAYS CODE.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1: Permission is hereby granted to the County of Sierra, State of California, to use for the purpose of constructing and maintaining thereon a highway to serve the needs of residents of both Sierra and Nevada Counties all that portion of the Henness Pass Road situate in the County of Nevada, State of California, and described as follows:

Beginning at a point in the Middle Yuba River, being the boundary line between Nevada and Sierra Counties, in the Northeast one quarter (NE¼) of the Northeast one quarter (NE¼) of Section 19, Township 19 North, Range 13 East, M.D.M. and running thence westerly and northerly to a point in the Middle Yuba River in the Northwest one quarter (NW¼) of the Southeast one quarter (SE¼) of Section 18, Township 19 North, Range 13 East, M.D.M.; said road being one mile, more or less, in length.

Section 2: This ordinance shall go into effect thirty (30) days after the date of its adoption, and, before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the Supervisors voting for and against the same, in The Sierra Sun, a newspaper of general circulation published in the County of Nevada.

ADOPTED AND PASSED by the Board of Supervisors of the County of Nevada, State of California on the 1st day of June, 1955, by the following vote:

AYES: Supervisors Clark, Frank, Coughlan, Robinson, Loehr.

NOES: Supervisors: None.

ABSENT: Supervisors: None.

JOHN L. FRANK
Chairman of the Board of Supervisors of the County of Nevada.

Attest:
R. D. DEEBLE
County Clerk of Ex-Officio Clerk of the Board of Supervisors. j9

VALLEY DOCTORS TO MEET AT LAKE FOR STUDY COURSE

AUBURN — Some 200 Valley physicians are expected to attend a medical and surgical institute to be held this month at Cal-Neva Lodge and Biltmore, according to an announcement today by Dr. Charles C. Cutler, Sacramento, local chairman of the annual event sponsored by the California Medical Association.

The scientific refresher course, slated for June 15-16-17, will cover a wide range of medical and surgical subjects including treatment of inoperable cancer, cerebal palsy, convalescent poliomyelitis, muscular dystrophy, hypertension and thyroid disease.

Top doctors from the school of medicine at U. C. L. A. will give the principal lectures, followed by panel discussions headed up by local physicians.

Dr. Max Dunievitz of Auburn is a member of the regional post-graduate study committee which has charge of making local arrangements.

FOUR ARE SAVED IN BOAT ACCIDENT

HOMEWOOD—Four bay region area residents were rescued from their sinking boat in Lake Tahoe but escaped with only a ducking and chill.

The quartet, two men and two women, was hauled aboard by Herb Obexer, operator of a boat service, after they sent up a distress signal three miles out in the lake. Obexer declined to divulge their names, explaining they "just wantedto forget the whole thing."

Zinfandel is the only true Californian wine; its name and wine type are found nowhere else in the world.

Southern Pacific Has Best Safety Record During Past 4 Months

Four totally accident-free months for major departments of four Southern Pacific divisions have given the railroad the best safety record in its history.

The number of reportable injuries to employes to May 1 never has been lower, and April alone broke all records with the fewest for many months, according to J. W. Corbett, SP vice president in charge of system operations.

Corbett listed these departments as having perfect records:

Transportation, Shasta Division; maintenance of way, Sacramento, San Joaquin and Rio Grande Divisions; motive power and cars, Rio Grande Division, and communications, all divisions.

He cited one of SP's largest yards, in Roseville, as also free from reportable injuries. All yards combined showed a 30 per cent reduction from the like four-month period last year.

Many smaller units in all departments on all divisions also had clear records, according to Corbett. All maintenance of way departments and motive power and cars departments showed 50 and 40 per cent reductions, respectively, in employe injury ratios.

TROUT PLANTING GOES ON SCHEDULE

Planting of catchable trout in California streams and lakes was on schedule this week in spite of a record half million anglers who swarmed to the mountains, valleys and ocean waters over Memorial Day weekend.

Extra planting effort had been made previous to the holiday, but regular plantings after the three-day weekend were not affected.

Fish and game wardens reported that there were more fishermen afield by far than on opening day of trout season. However, they did not limit themselves to trout streams, flocking to the ocean, streams and lakes of the valleys and in ponds and reservoirs everywhere.

With many of the high lakes still iced over, the roadside streams received tremendous fishing pressure, the wardens said.

CHRISTIAN SCIENCE GROUP HOLDS MEET

BOSTON—Practical application of scientific Christinanity is building a mighty bulwark for individual, national, and universal liberty, The Christian Science Board of Directors declared today.

Addressing a gathering of some 7500 Christian Scientists at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., the directors declared that the "assurance of freedom from sickness as well as from sin, from want and woe as well as from forebodings of despair" is available to all through spiritual understanding of God.

"The uncertainities which confuse and perplex the nations become less alarming and portentous in proportion as the certainty of God's guidance is better understood," the directors stated.

Church members from all over the world—Australia, Africa, Germany, Switzerland, Great Britain, Sweden, Japan and other distant points, as well as Canada and the United States—came to Boston for the meeting which has been held annually for more than a half century. Smaller meetings on specialized subjects convene on days folowing the main session.

BACK FROM TRIP

Mrs. Edna M. Marsden with her sister, Mrs. Hazel Cubberly, are staying at their place at Meeks Bay after an extensive trip through the Panama Canal and the eastern United States to Michigan where they bought a new car before proceeding west. The couple left Laguna Beach the first part of April for the journey.

Pedestrian Protection

Don't play "hop-scotch with death" even if you have the traits of a cat or squirrel, the American Automobile Association warns. While many pedestrians have acquired a natural alertness and aptitude in dodging vehicles, some of them lose the game—and their lives—every day. Don't take chances.
—AAA Safety Feature

CARE WITH GUNS URGED BY DIVISION

Planning to take a boy hunting with you this year?

If you are, and if he's never had a hunting license before, now's the time to get him enrolled in a state-sponsored hunter safety course so he can qualify for his license, the department of fish and game advises.

State law requires all hunter under 16 years of age to pass the four-hour gun safety course in order to get their first hunting license.

Instructors qualified to teach the course are available in nearly every community in California, the department notes. Information concerning local classes may be obtained from wardens, department offices and license agents.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Sometimes heroes go unsung, but this is certainly worth reporting. Last Monday at around 7 p.m. a smoke bomb was set up about three miles from the pier of Obexers boat harbor at Homewood, and was spotted by Herb Obexer, who with three others, went to investigate, and upon arrival found three persons in the water and the boat sinking with the bottom literally fallen out. It took all three to lift the victims out of the water. It was fortunate they were wearing life preservers, even then it was only the fast work of Obexer that the lives of all four were saved, the two women and two men were taken to the home of Obexers to dry off, and then proceeded to return to their home. The victims requested that their names be not made public. But we feel a whole lot of credit is due Herb for his splendid work. The four were from the bay area.

Lions Meet

The Lions of Lake Tahoe had a ladies' night last Tuesday night at their meeting place in the Ta-Neva-Ho Lodge. Dr. Ben King spoke on the necessity of the blood bank being replenished at all times. Charles Robertson became a member. Also in attendance was the recent bride and groom, Charles and Mrs. Moore, who were presented with a gift from the members of the club. Charles' mother and dad were present, having been visiting from Oregon. The meeting was the largest of the season and all expressed pleasure with the new meeting room that has been set up to take care of all clubs.

Tripping

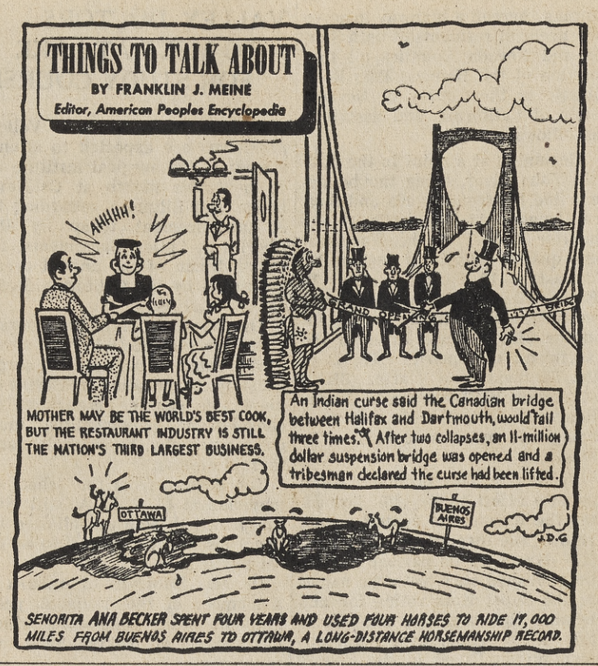
I hear Roy Porath and Al McEathron had a wonderful trip last week to Moab, Utah, visiting Salt Lake City. Ran into snow six inches deep, a dust and rain storm, in fact everything that helped to make the trip enjoyable.

Better

I wouldn't have missed telling you that Mrs. Gansert had been sick and real sick too, and Magine called me down for not visiting her. I sure was sorry, we are all very glad that she is just herself again. Let us know when you feel like getting sick again, and you will gets lots of visitors.

Visitors

Margaret Madden tells me that my old friend, Charles Stich (her father) and I think her mother and sister, and I am kind of vague as to the other visitors, will be on hand for a great big welcome in about two weeks, more about them when they arrive.



THINGS TO TALK ABOUT
BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia
AHHHH!
MOTHER MAY BE THE WORLD'S BEST COOK, BUT THE RESTAURANT INDUSTRY IS STILL THE NATION'S THIRD LARGEST BUSINESS.
An Indian curse said the Canadian bridge between Halifax and Dartmouth, would fall three times. After two collapses, an 11-million dollar suspension bridge was opened and a tribesman declared the curse had been lifted.
OTTAWA
BUENOS AIRES
SENORITA ANA BECKER SPENT FOUR YEARS AND USED FOUR HORSES TO RIDE 19,000 MILES FROM BUENOS AIRES TO OTTAWA, A LONG-DISTANCE HORSEMANSHIP RECORD.

Dinner Dance

The dinner and dance held by the carpenters last Saturday night was a huge success and just about as many as they could handle crowded into the clubroom of Ta-Neva-Ho Lodge, Crystal Bay. Eddie Liddle was chairman of the affair, and did a remarkable job. Naturally the dancing went on until the wee hours of the morning and everybody expressed themselves as having a wonderful time.

Churches

The Catholic and Protestant churches at Kings Beach were well attended Sunday with many visiting persons from all over the country here to enjoy the beauties of our lake and visit with friends and relatives. Mrs. Jackson was another addition in the splendid choir, which will practice on Thursday this week on account of the graduation that will take place at the Tahoe Truckee high school. the minister preached on "God's Plan for Christian Giving," intimating very mildly that you should pledge and do so till it hurts.

Baccalaureate

Did you ever attend a Baccalaureate service? If the answer is no, then you have missed a lot. We attended the service at the Tahoe-Truckee high school last Sunday, and believe me we got the thrill of our lives to see these young men and women, the flower of American man and womanhood, listening to Father Ronan Brennan giving them a message that I am sure they will remember all their lives. It was most inspiring to those present. We of North Tahoe were especially proud of the contingent from here, those we have seen grow up in the years. They have the blessings of the whole community, and now next Friday another big day for them when they graduate, and leave the school they have loved so well, making room for their successors. It will be a great day for them.

Party

Last Friday was the date of a swell birthday party at the home of David and Mrs. Gilmore at Crystal Bay. A bang-up dinner was served followed by the games. Oh, yes, the party was in honor of Barney Gilmore's natal day. Those fortunate to attend were Diana Abott, Lewis Fellows, Jay Stuart, Suzanne Knoefler, Sharon Pace, Bill McLain, Carol Levy, Bob Sach, Joellyn Ashton and believe me or not Barney himself. Happy birthday, Barney.

Visiting

Eve Norton, daughter of Marguerite Ashton, is a visitor from Iowa and is spending at least two weeks here. She was here for quite sometime a couple of years ago, but married and moved to Iowa. She still thinks Lake Tahoe is tops. Glad to see her, if only for a while.

STAGE IS SET FOR START OF TAHOE CHAMBER CAMPAIGN

TAHOE CITY—Norman Celio, president of the Lake Tahoe Sierra Chamber of Commerce, reports that arrangements have been completed for the annual spring membership meeting on June 15. It is to be a luncheon meeting held at Camp Richardson, at noon.

The chamber president urges that all members attend this meeting, and he says he will welcome the attendance of all persons interested in the betterment of the Lake Tahoe area as a year around resort country. Celio warns that anyone planning to attend the meeting must make reservations, either at Camp Richardson or at the Lake Tahoe Sierra Chamber of Commerce office in Tahoe City, not later than June 14.

The cocktail hour, entertainment and dinner, put on at Camp Richardson by the Sacramento Chamber of Commerce last Friday, June 3, proved a success, and members of the North Tahoe Chamber of Commerce expressed high praises for the Sacramentans and their good will tour. There was a capacity attendance of lake residents in the large Richardson dining room, and most of the resorts around the lake were represented there during the evening.

OPENS SHOP

William Paquet is opening his barber shop at Meeks Bay Resort on June 15 after spending the winter in Florida.

Home Again

I saw our old friend Andy Sorensen walking around his beautiful garden, having a good time, with his old pals dropping in on him. You know Andy has been home nearly two weeks. He will be a lot of help to Alice, who is doing real well with their motel this summer.

MODESTO COUPLE SUE AFTER TRIAL

AUBURN—Mr. and Mrs. Harvey Highiet of Modesto have filed a $25,350 damage action against Jack Braden, whom they accuse of swearing to a theft complaint against Mrs. Highiet on September 1, 1954, in the judicial district court in Tahoe City, Lake Tahoe.

The complaint, filed with the county clerk in Auburn, states the action was dismissed September 2 in Tahoe City but caused Mrs. Highiet embarrassment and nervous shock.

Mr. and Mrs. Highiet ask for $25,000 general damages and $350 for attorney fees.

School News

KINGS BEACH SCHOOL

Kindergarten—First: Our room won the thrift banner the second consecutive week. Phil Thompson brought daffodils and tulips from home to brighten our room. Jimmy Fisher had a birthday party at school Tuesday. Mrs. Fisher brought cake, ice cream, apple cider and favors for the party. We played "Pin the Tail on the Donkey" and "Musical Chairs." Prizes were won by Phil Thompson and Vicki Russell. Linda Ford has moved her family to Los Angeles. Linda Cawley's family moved to San Luis Obispo.

Second and Third Grades: Brad Thompson brought a bouquet of tulips and daffodils. Bobby Ford moved with family on Monday to Los Angeles. Suzanne Lucas brought her record "Pony Express" for us to play and enjoy.

Fourth, Fifth and Sixth Grades: In arithmetic the fourth grade has finished the multiplication and division tables and are reviewing all basic fundamentals. The fifth grade is acquiring the knowledge of adding and subtracting decimals and reviewing fractions. The sixth grade is studying the division of decimals and reviewing the multiplication and division of fractions.

School News: Individual room winners for the savings poster contest were: Miss Knudsen's room: Beverly Bergman. Mrs Wing's room: Vickie Lynn Bennet, and Mr. Sam's room: Bud Robertson. These people received a Shaefer Fineline pencil from the Bank of America. The individual grade winners were: Kindergarten: Sharon Birch, first grade; Beverly Bergman; second grade: Vickie Lynn Bennet; third grade: Suzanne Lucas; fourth grade: Daryl Brooks; fifth grade: Bud Robertson; sixth grade: Joan Decker.

LAKE TAHOE SSCHOOL

Tahoe Lake kindergarteners and first grades are working carefully this week to show how ready they are for the next step upward. All are finishing their current reading and readiness books.

A couple of weeks ago, the third and fourth and second grades made sketches of flowers, butterflies, animals, trees, boats, and birds. A week ago we made silhouettes of flowers. The boys made fishermen, boats and piers with fishermen on them. Report cards are coming out soon and most kids are happy.

The fifth and sixth grades have been keeping diaries for their language arts work the last couple of weeks of school The records are most interesting.

Our class picnic will be on Thursday, June 9, at Bliss State Park.

The sixth grade visited the high school on Wednesday, June 8, to get an idea of their routine for next semester.

Sharon Quinn in celebrating her birthday by having a treat for the entire class on Monday.

DONNER TRAIL

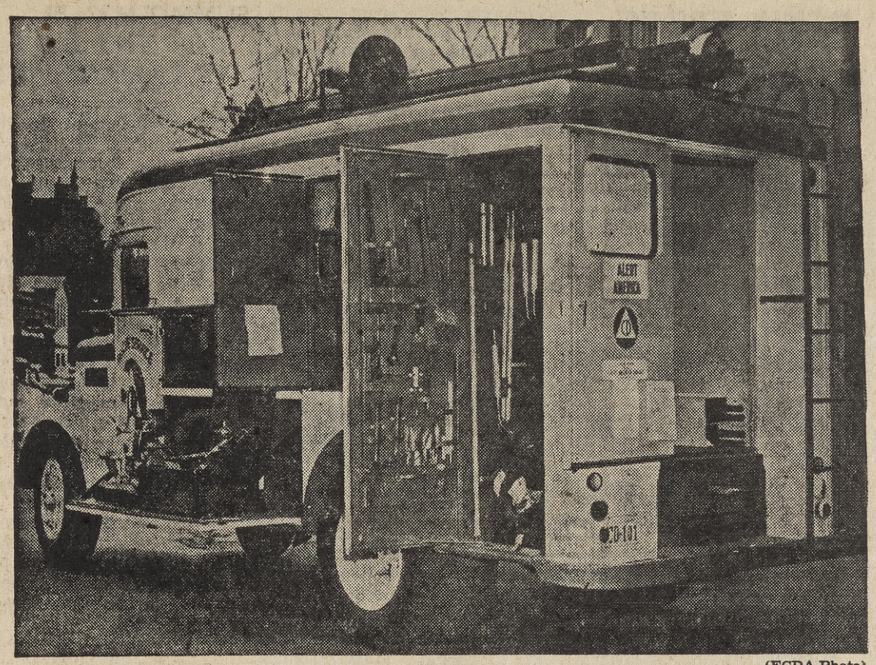
We chose as the winners in the Bank of America thrift contest the following: Sharon Winn, Strohn Woodard, and David Woodard.

Today for our art program we plan to draw two of the birds that we have found in our school yard. These birds are the Downy Woodpecker and the small Martin. In a discussion of animal with our small group we found that we had seen this year a fox, a squirrel, a miner's cast, a racoon, a deer, a marmot or rock chuck, and many different kinds of birds. We hope to see some fish to round out our nature program before the year is out.

HIGH SCHOOL

Sunday evening, June 5, Baccalaureate services for the graduation class of 1955 were held in the high school cafeteria at 8 p.m. The sermon "Horizons Unlimited" was delivered by Rev. Ronan Brennan of Truckee, the Invocation was given by Rev. Wesley Osman of Truckee, and the benediction was given by Rev. A. B. Covher of Kings Beach. The musical participation was provided by the high school chorus and band under the direction of Jim Pringle.

Graduation services for the class of 1955 will be held in the high school gymnasium at 8 p.m. on Friday, June 10. The major address wil be delivered by Dr. Eldon Wittwer, of the University of Nevada. The high school chorus and band will contribute the musical portion of the program.



(FCDA Photo)

'CALAMITY JANE,' the Federal Civil Defense Administration's rescue truck, packs a wallop more potent than its namesake's six-shooters when disaster strikes, and people must be dug from debris. The $9,000 truck contains 300 pieces of rescue equipment of 99 different types.

NOELEEN HULBERT IS MARRIED DURING GARDNERVILLE RITES

KINGS BEACH—A very pretty wedding ceremony took place at the Lutheran Church, Gardnerville, Nev., when Ronald Werner Wilcks was married to Noeleen Elizabeth Hulbert.

Three hundred attended a reception at the Minden Inn after the ceremony. The bride is the eldest daughter of Mr. and Mrs. Noel Hulbert of Kings Beach and Minden. The groom is the son of Mr. and Mrs. D. Wilcks of Gardnerville.

Mayola Shirley, aunt of the bride, was matron of honor and the best man was James Callahan. Flower girls were Donna and Diane Wilcks and bridesmaids were Joan Hulbert, Jill Hulbert, Penny Hulbert, Patsy Martin and Dolores Rood. Ushers were Gary Hulbert, John Borda, Bob Summers, Donald Wilcks and John Summers.

The bride wore a white satin and lace gown with a train and carried a bouquet of white orchids. The bridesmaids wore yellow, blue and pink gowns covered with lace and organdy and carried bouquets of white and colored flowers. Flower girls wore blue dresses with pink rosebuds. The matron of honor wore a cream lace and satin gown and carried lavender flowers. The mother of the bride wore a printed ensemble and carried an orchid bouquet and the mother of the bridegroom wore a soft gray dress with orchid bouquet.

A dinner for friends of the family followed at the Noel Hulbert ranch. Their many friends wish the happy couple every happiness on the sea of matrimony.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent of Schools, Truckee, California, on or before, and no later than Friday, June 24, 1955, at 5:00 p.m. for the contract or contracts to supply furnace oil to the schools of the Tahoe-Truckee Unified School District in accordance with specifications on file in the office of the Superintendent of Schools.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of the suitability of the product offered.

Bidders are required to submit complete specifications with prices for any and all products offered

By order of the Governing Board of the Tahoe-Truckee Unified School District.

DENIS A. SACH, Clerk

LAKE LEVEL

TAHOE CITY—With all gates out of Lake Tahoe still closed after several weeks, the level stood at 6226.68 feet. Temperatures during the past week ranged from a cool 40 on Saturday morning to a high of 71 Sunday. There has been no precipitation since June 1 when .11 of an inch was recorded.

CARD OF THANKS

We wish to express our thanks to all the people in this area who helped to make our Carpenters Ball a success, particularly those who helped with the program, and the merchants who contributed prizes.

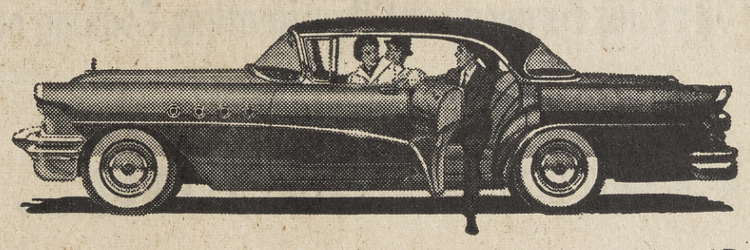
for this wide-open beauty

It's the new kind of hardtop—
The 4-Door Riviera!



THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—*and no center posts in the side window areas.*

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with *four* doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm . . .

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is *all* Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8* power—the whip-quick getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflow.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Perfect Weather

Another weekend of early summer passes swiftly, with its perfect weather, clear skies, placid sparkling lake and warm sunshine. For the past several days our back porch thermometer has registered in mid-afternoon in the sun 88 degrees above. In the shade the temperatures remain pleasantly cool. Each morning with the rising sun the lake is dotted with the boats of ambitious fishermen, and many or them bring in limits before the day is done.

Wikanders Back

Mr. and Mrs. Victor Wikander, who spent the past winter in the bay region, were back at Tahoe for the weekend. They spent the two days as house guests of Mr. and Mrs. A. D. Wilkie in their lakeshore home at Tahoe Park. Wikander said that they will return again to Tahoe in about two weeks, and will then spend the best part of the summer in this region, as he feels he cannot afford to waste much more of this beautiful weather away from his beloved back country. Upon their return here they plan to pack into the Rubicon region once more and open their cabin on the island at Buck Island Lake for an extensive vacation in the wilderness. Wikander very wisely took a 99 years lease on Buck Island twenty-some years ago, just before the boundaries of the government's wilderness area were defintely designated, leaving Buck Island Lake permanently in the heart of that area. For many years before that time Wikander worked as a civil engineer throughout the Tahoe back country, and especially throughout the Rubicon region. During the past winter in his bay region home he suffered what was thought to be a slight heart attack, but this summer his health seems greatly improved.

Have Visitors

Visitors at the Tahoe City home of Mr. and Mrs. Harold Farr on the weekend were Ted and Doris Ivy of Palo Alto, with their small son and daughter, Jeffrey and Judy. The Ivys just celebrated their sixth wedding anniversary. Six years ago the pair were married in the C. W. Vernon home here by Mr. Vernon, who was at that time justice of the peace. This was their second visit to Tahoe City since their marriage here.

Visits Sons

Another weekend visitor here was Harry Henrikson, a former Tahoite who has spent the past two years in the bay area as a benefit toward the welfare of his wife who suffered ill health for the past few years. Mrs. Henrikson passed away there about a month ago. Mr. Henrikson was a guest here at the homes of his two sons, Charles and his wife, Eunice and children of the Lake Forest vicinity, and Oliver and his family of the Homewood locality.

Holt Returns

Tahoe City friends were glad to see ex-Tahoite Fred Holt back for a weekend visit after several weeks residence in the Stockton area. Freddie, who has many friends hereabouts, is the son of Mr. and Mrs. George Holt of Sunnyside. He was quite recently married in the valley locality, and his bride, Micky, was with him this week to spent a few days at the home of his parents.

Golf Game Mishap

At Tahoe City's first real summer golf game on the home course last week, the town's local top-notchers were right out in front in the winnings as usual. Among them were Red Anderson, Norman Mayfield, Floyd Carnell, Joe Henry, Beulah Carnell and Pat Henry Fox. A slight casuality on the "believe-or-not" order occurred in the course of the game when Carnell, stooping in the act of "putting"—(or something)—was struck squarely on the crown of his head by the flying ball of another golfer However, the top of the head being resilient prevented any real injury but in this freak accident the ball bounced from the head of Carnell, and Anderson, standing nearby, caught the violent rebound directly on the temple. Although this was only an extension blow, it is said to have made Red's head spin slightly. We are uncertain whether the sender of this wild ball should be described as "getting two heads with one ball"—or merely "making two in one"—(golfing terms to us are a bit confusing).

Rotary Meet

Last week's Rotary dinner-meeting was held as usual at Tahoe Inn with President Bill Conners presiding and 35 members and four visiting Rotarians present. Lacking any program for the evening, the president requested two of the members to give some of their past personal history. Tony Donadio recounted an interesting athletic past, while Bob Tonini, a native of Truckee, told of the old days in that locality. At the inn on Tuesday, June 14, the Rotary will start their mid-day luncheon meetings for the summer season.

Birhday Party

At the A. M. Henry home last Thursday evening a birthday dinner party, hosted by Mrs. Henry, honored the natal anniversary of her brother Fred Planett, who was visiting there following a week's confinement in a San Francisco hospital. Fred blew out a certain number of candles on a beautifully decorated birthday cake, and everybody enjoyed a tasty dinner prepared by the hostess. Dinner guests included the following: Mr. and Mrs. Al Henry, Jr., son Gary and daughter Karen, the honoree's mother, Mrs. Mary Planett, Mr. and Mrs. Malcolm Fox and daughter, Tabor, and A. M. Henry, Sr.

Open House

On the evening of June 11th Mr. and Mrs. Tony Donadio, managers of Sky Lodge in Tahoe City, plan to celebrate their official grand opening for the summer season. There will be feasting, music and dancing, and a cordial welcome awaits all friends and neighbors of Tahoe and adjoining localities.

X-Ray Date

The annual chest x-ray examinations will be given in the usual location near the Community Center in Tahoe City on June 14, Time, from 2 p.m. to 5 p.m. All residents Beach the x-ray will operate on Wednesday, June 15, between the hours of 10 a.m. and 1 p.m., and rrom 2 p.m. to 5 p.m. Allresidents are urged to take advantage of this reassuring health service.

The Raker Act grants to the San Francisco water system rights of way and the use of public lands in what is now Yosemite National Park, Stanislaus National Forest, and elsewhere.

Cadmium is widely used in the electroplating industry.

SUMMIT MAN IS DEFENDANT IN DAMAGE ACTION

NEVADA CITY—A personal injury suit for $20,000 plus medical expenses has been filed in Nevada County Superior Court against Lonnie Goss of Kingvale and Standard Oil Company of California by Fred B. Waitman.

In his complaint, filed by William A. Carver, a Truckee attorney, Waitman alleges that on June 6, 1954, when he drove into a service station operated by Goss, the defendant "without cause or provocation unlawfully struck the plaintiff in the jaw, face, head and body with his fists," injuring his upper and lower jaw on the right side and chipping two teeth.

Waitman further charges that Goss threatened further bodily harm and was stopped only by intervention of a third party. The complaint alleges that the plantiff has become "exceedingly nervous" and suffers recurring headaches from his attack.

JOHANSON TAKES POLICING COURSE

TAHOE CITY—On May 19 Deputy Harry Johanson of this city successfully completed an eight months police course at the Sierra College in Auburn. He entered this course when it started, September 22, 1954. The course was maintained by the California State Department of Education, and instructions were given one day each week by instructors supplied by the department.

Subjects taught included the following: field and classroom note taking; collection and preservation of evidence; traffic accident investigation; sources of information; laws of arrest, search and seizure; rules of evidence; report writing; interrogation; court procedure; penal code; related laws and vehicle code.

Forty officers from Placer and Nevada counties successfully finished the course along with Johanson.

PATRONIZE ADVERTISERS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of Division of Beaches & Parks, 118 E. Oak Street, Stockton 3, California until 2 P.M. on Tuesday, June 21, 1955 at which time and place they will be publicly opened and read, for the construction of one Combination Building, Frame and Block, Special Mountain Type, at Donner Memorial State Park, near Truckee, Nevada County, California, in accordance with plans and specifications therefor.

Bids must be submitted for the entire work described therein. Deviations from plans and specifications will not be considered and will be cause for rejection of bids.

Forms of proposal, bond forms, and plans and specifications may be obtained at the office of the said agency at 118 E. Oak Street, Stockton 3, California.

The said State Agency reserves the right to reject any or all bids.

In accordance with the provisions of Section 1773 of the Labor Code, the said State Agency has ascertained that the generally prevailing rate of wages applicable to the work to be done is as follows:

Craft or Type or Workman	Rate per Hr.
Carpenter	3.03
Electrician	3.13
Shinglers	3.155
Mason	3.50
Painter (Brush)	2.73
Plumber	3.25
Mixer Operator (up to one yard)	2.455
Laborers	2.18

Any classification omitted herein not less than $2.18 per hour. Overtime, Sundays and holidays—not less than 1½ times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen emplyed on the project.

From where I sit ... by Joe Marsh

Sad Note From The Bugle

All of us on the *Clarion* were alarmed to learn that our principal rival in the newspaper field—the *Balesville Bugle*—might have to shut down.

Crops were bad in Balesville last year and one of their factories moved out of town. Just temporary hard times, of course—but the *Bugle* needs help now if it's to survive.

So, this paper is going to scrape up a little money to help tide them over, and we hope other local concerns will do the same. We've seldom agreed with them editorially over the years—but we want their competition to keep us on our toes.

From where I sit, this country needs papers with different points of view—just as it needs *people* with different ideas and tastes. You may prefer iced tea as a hot-weather cooler . . . I generally choose a cold glass of beer. But if either of us couldn't express his opinion, and act on it, that would be "bad news" for the whole community.

Joe Marsh

Washington News

By Congressman Clair Engle

The following is a brief rundown on a number of bills which I have introduced this session, all of which are of interest in some part of the district.

Distribution Systems: This is a bill that permits local irrigation districts to do the construction work on their own distribution systems under authorized federal propects such as the Central Valley Project. We estimate that this bill will save the districts on the average of 30 per cent on construction costs and administrative overhead. The bill has passed the house and senate. The senate tinkered with the language somewhat, so we will have to have a conference, but it is a cinch to go down to the president for his signature in the next few weeks.

Desalting Saline Water: This is the bill that authorizes the research in desalting saline waters. If this research is successful, it can revolutionize the economics of living on coastal areas and in the arid areas of the world. This bill has passed both the house and senate and here again the senate changed the language so we have to go to conference. Considerable research has already been accomplished under a bill I originally introduced a few years ago.

Small Projects: This is the bill that permits non-interest-bearing loans to public agencies for small projects. The total cost of the projects can't exceed $10,000,000 and the federal government will not loan up to more than $5,000,000 on any one project. This bill is through the House and hearings have already been held before the senate committee so we should get action before the end of this session.

Trinity Project: This bill has been voted out of our committee and is now pending before rules. It should be over in the senate before long. It authorizes the Trinity River Project with water for the Sacramento Valley and San Joaquin Valley areas.

Powersite Withdrawal: This measure opens up 7,000,000 acres now closed to mining because these areas are being held in so-called "powersite withdrawals." Passage of this bill will be a boon to the mining industry—and the current crop of uranium seeks. It has passed the house, passed the senate subcommittee on mining, and is pending before the full committee. We seem to have a lot of trouble with this bill in the senate but may get it through this time.

Multiple Use Mining: The purpose of this bill is to eliminate bogus mining claims and to a limited degree permit multiple use of the surface mining claims. It has been voted out of my committee and is pending on the house calendar, where it is expected that it will pass without great difficulty.

Migratory Bird Hunting Stamp Act: This bill would earmark 40 per cent of the duck stamp money for refuge acquisition. Hearings have been held before a subcommittee of the committee on merchant marine and fisheries. We are hopeful for favorable action this session.

Townsite Procedure: This measure gets up the procedure for the forest service disposing of lots adjacent to cities so that some of the cities in my district, such as Downieville and Weaverville, can expand into areas now held by the forest service. A hearing is scheduled on this bill before the committee on agriculture.

Domestic Minerals Program: This bill continues for a two-year period the domestic minerals program now in effect: it will give the government time to establish the long-range program announced by the president's minerals policy committee. The bill has been voted out of subcommittee and should be passed in the next week or two by the full committee on interior.

National Park Museums: This bill to facilitate the management of museum properties in the national parks was voted out by our committee and has passed the house.

Sale of Gold: This bill to establish a free market for newly mined domestic gold is before the house committee on banking and currency, but thus far we have been unable to obtain a hearing. Senator Case is having similar difficulty with his bill on that side. As in the past the administration is opposed to the measure so the prospects of obtaining favorable action are not too good at this time.

Forest Facilities Funds: This legislation earmarks 10 per cent of forest service receipts to improve and maintain recreational facilities in the forests. A companion bill authorizes a campfire permit fee for the same purpose. The chairman of the agriculture committee has indicated consideration will be given the legislation as soon as possible.

As will be observed from the above, we are well along with a large number of bills, some of them very important. However, it is always difficult to get action in the senate—so favorable house action doesn't mean that all of these bills will be enacted into law.

Upturn In Business Is Reflected In Gains By Railroad Company

Southern Pacific's revenue freight carloadings in the first quarter of this year climbed 9 per cent over the same period in 1954, reflecting the widespread upturn in general business conditions.

D. J. Russell, president of the railroad, made this report today (May 11) at the annual stockholders' meeting of the company in Wilmington, Del.

"Growing population and industrial development in the eight western and southwestern states served by the Southern Pacific lines indicate further healthy expansions of our economy," Russell said. "This appears to be true of short term as well as long range prospects."

To meet the challenge of this growth, the rail president said, capital expenditures by Southern Pacific and its solely controlled affiliates probably will reach a record $115,000,000 in 1955. Last year's capital investment totaled $63,000,000.

Commenting on the current situation, Russell said the freight volume increase of the first quarter is a result, mainly, of heavier loadings of lumber and other construction material, substantial increases in automobile production and sales, larger sugar beet shipments, and a heavier volumne of freight brought to the railroad by SP's expanding trailer-flatcr, or "piggyback" service.

California's Bird and Arbor Day was established by the state legislature in 1909.

One of San Francisco's finest early-day theaters—the California—stood on the present site of the telephone company building at 444 Bush street.

Outdoor pageants and concerts are presented every summer in Sigmund Stern Grove, a sheltered ravine in San Francisco.

NOTICE TO BIDDERS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive, at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, up to, but no later than 8:00 P. M. on Tuesday, June 14th, 1955, sealed bids for painting the Tahoe Lake School and the Donner Trail School, in accordance with specifications on file in the office of the Superintendent of Schools. Bids shall be opened and publicly read aloud at the above stated time and place.

Bids must be accompanied by a certified check, cashier's check, or bidders bond for Ten (10%) Percent of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

Dated this 23rd day of May, 1955.

RED CROSS DRIVE FALLS SHORT OF GOAL ;SEEK FUND

A meeting, headed by Chairman Earl Stice of the Truckee Branch of the American Red Cross, was held at the justice court Tuesday night when the discussion centered around ways and means of bolstering the finances of the local group.

Other officers attending were Mrs. F. W. Wilson, Walter Henson, Rev. Wesley Osman, Mrs. W. A. Loynd, Mrs. Thomas and Edward Trask.

"The people of Truckee might not be aware of the demands for financial assistance asked for quite frequently by very needy people of the local Red Cross," Trask said. "In a drive for funds earlier this year, to be distributed by the Red Cross as the need arises, insufficient funds were donated to cover the usual charity appeals which come regularly.

"Therefore, if anyone is approached by a Red Cross representative to help this worthy cause, they should try to give more money or of their time on a committee, even if they have contributed toward the Red Cross earlier in the year. For $400 more is needed urgently to be used on charity cases for the rest of the year. The Red Cross also solicits any helpful suggestion for this aid."

The fish and game department has stepped up their planting of catchable trout in the Truckee River. Now that summer has finally arrived, our many ardent fishermen will welcome this addition to their possibilities of catching a limit.

* * *

There has been some interest shown in the possibilities of a new airport to serve Truckee and North Lake Tahoe. To those of you who are air-minded, I would certainly like to chat with you on the subject. If enough active interest is shown there are several good possibilities for such a development.

* * *

The information booth at the inspection station will not be operated this season. The safety station people who operated it last season would like to dispose of the building which belongs to them. We have their address if anyone is interested in purchasing this building we will be happy to furnish same to you. Just call our secretary.

* * *

It is certainly good to see the construction boys in town, getting prepared to resurface part of Highway 40 east of here. To those of us who have to travel that way often it will be a great improvement. I am informed that the start of the four laning of our portion of Highway 40 will not be started until next spring.

* * *

At least we have something to look forward to. As the time draws very near for the Paris meeting on who shall have the Olympics in 1960 this column wishes to wish Alex Cushing and the Squaw Valley Development Company luck in their bid to have them here in our area. — HAL WELCH

Bill Permits Fee For Tahoe Boat Piers

The senate passed and sent to the governor AB 3268, Donald Doyle, which would authorize the state lands commission to issue permits at a filing fee of $5 for recreational piers on state owned submerged lands.

The bill resulted from a discovery by the commission it is required by law to levy a rental charge for all piers, commercial and recreational, built over state owned submerged lands.

It decided to start levying a rental charge of $25 a year at Lake Tahoe. Private pier owners protested and the commission deferred action pending an amendment to the law by the legislature.

AB 3268 would permit the commission to charge one filing fee of $5 for private piers and to negotiate with commercial pier owners for an annual rental.

Methodist Church

Sunday evening is summer night at the Methodist Youth Fellowship meeting. At 6 p.m. all those who are intending to go to a Methodist summer camp are urged to come at that time so that applicataion blanks can be filled out, pre-registration money can be sent in, and the rules of the camps can be explained. Since the camps are filling up rapidly parents and young people are urged to come and get their pre-registration money in as soon as possible. Also, since their is a limited amount of money that is available for scholarship, persons will have to make their decision that evening in order to make themselves available to that aid.

There are summer camps available for persons who graduate into the fifth grade through college including a few adult camps. Anyone who is interested in going or if anyone is interested in offering a whole or half scholarship to some young person who could not otherwise go please see Rev. Osman immediately.

This Friday at 1 p.m. the executive committee of the Women's Society of Christian Service will meet in the church. All officers are urgedto be present.

Last Wednesday Bishop Donald Harvey Tippett released to the press the following account: Rev. Douglas Ewan as superintendent of the Sacramento-Nevada District and Rev. Dillon W. Throckmorton to Tulare.

Rev. Wesley Osman, pastor of the Community Methodist Church is planning to attend the annual church conference to be held at Stockton, June 14 to 19, where 330 churches will have representatives. Dr. Harold C. Case, president of Boston University, will be the principal speaker.

Awards Are Granted For Thrift Posters In District Schools

During the past few weeks students in the Tahoe-Truckee Unified School District have been busy competing in a thrift poster contest sponsored by the Bank of America. The poster contest was initiated as a result of schools desiring to develop their school savings programs. There was good participation in the contest and it was felt throughout the district that the ideas expressed served a useful purpose, causing all children to think about thrift and its benefits.

A winner for each class from kindergarten through grade 12 was presented with a Scheaffer fineline pencil. The winners are as follows:

Kindergarten: Sharon Birch, Kings Beach.

First: Alexandria Cushing, Tahoe Lake.

Second: Dixie Lee Reese, Kings Beach.

Third: David Woodard, Donner Trail.

Fourth: Virginia Barnes, Truckee.

Fifth: Vic Sartor, Tahoe Lake.

Sixth: Ellen Rich, Tahoe Lake, JoAnn Pomin, Tahoe Lake.

Seventh: Tim Molsberry, Tahoe-Truckee.

Eighth: Koby Kiser, Tahoe-Truckee.

Ninth: Don VanHooser, Tahoe-Truckee.

Tenth: Jacquie Abbott, Tahoe-Truckee.

Eleventh: Fred Wofford, Tahoe-Truckee.

Twelfth: Elaine Grant, Tahoe-Truckee.

The winning posters are on display in the Truckee Branch of the Bank of America.

Judges for the poster contest were: Mrs. Helen Trask, Truckee Elementary School, Mrs. Lillian Farr, Tahoe Lake School, and Robert Madge, Tahoe-Truckee High School.

In Air—
George Kenyon, local steeplejack recently had his picture on the front page of a Redwood City paper while working on top of a 100 feet antenna which in turn was on the roof of the Redwood City city hall.

Renovating Hotel—
Since coming from Sacramento. Mr. and Mrs. John Moro have been making extensive renovations at the Star Hotel, including the installation of an aluminum roof.

To Build Home—
Mr. and Mrs. Daven Morey expect to begin construction of a house by late summer in Gateway Park on lots opposite the home of Mr. and Mrs. Nace Firpo.

From Valley—
Mr. and Mrs. Robert Keller and son, Michael, of San Rafael are visiting at the home of her uncle and aunt, Mr. and Mrs. Walter Barrett.

The northernmost point in the United States is the Lake of the Woods projection in Minnesota.

Report Shows High School Athletes Are Improving With Time

The following is a short review of the year's athletic program experienced by the Tahoe-Truckee Wolverines:

Football (Coaches Jim Brehler and Gordon Butterfield) won two, lost six.

Varsity Basketball (Coach Conrad Briner) won none, lost 18.

Jr. Varsity Basketball (Coach Jim Brehler) won six, lost 11.

Skiing (Coach Gordon Butterfield) won two meets, third in league championships.

Baseball (Coach Jim Brehler) won four, lost three. Finished fourth in conference.

Looking over the year as a whole, it was deemed a successful one on the basis of good sportsmanship, enthusiasm, and experience gained for future years. Coach Brehler said decided improvement was shown in all sports, and the Wolverines were praised, and are watched for increased successes on the athletic fields.

The intramural program for boys went into operation in mid-winter under the sponsorship of the block "T." Under this program, any boy in the high school may win a circle "T" award by acquiring a sufficient number of points in intramural play, as a member of an interscholastic team or as a manager.

Hulse Selected President Pro-tempore Of Senate

SACRAMENTO (CNS) — The state senate by a unanimous roll cal, late yesterday elected Senator Ben F. Hulse, Imperial County, republican, president pro tempore of the California state senate.

Hulse succeeds the late Senator Clarence Ward, Santa Barbara.

The new president is chairman of the powerful senate finance committee, which is as powerful or more so than finance.

Duties of the president pro tempore since the death of Senator Ward have been carried on by Senator Hugh M. Burns, of Fresno County. Burns, however, could not be elected permanently, as he is a democrat, and the republicans have a majority of the votes in the senate.

The president pro tempore is third in line for succession to the governorship, coming immediately after the lieutenant-governor, to which office he would succeed on a vacancy in the governorship.

Parents Here—
Mr. and Mrs. Bob Frank have as their guests, Mr. and Mrs. Ralph Frank of Ashville, N. C. The visitors are parents of the local man.

C.S.E.A. Party—
Members of the C.S.E.A. and their guests attended the annual buffet party given in Veterans Memorial Hall on Saturday evening.

The six remaining olive trees in the Garden of Gethsemane in the Holy Land are known to be well over 2000 years old.

Boehm Here—
E. E. Boehm, former Truckee Forest ranger, now located at Hat Creek, was a visitor here during the weekend.

Arrive From Parker—
John H. Patterson formerly of Parker, Calif., has arrived to replace John Street, who was transferred to Yermo by the State Department of Agriculture Quarantine Stations. Mrs. Patterson is joining her husband here and they will occupy the house which will be vacated by the Streets.

Remodeling House—
Mr. and Mrs. N. F. Dolley are remodeling the house at Donner Lake they recently bought from Mr. and Mrs. Nace Firpo.

From Valley—
Mr. and Mrs. Omar Alexander of Citrus Heights attended the C.S.E.A. party at Veterans Memorial Hall Saturday night.

Send Greetings—
Mr. and Mrs. Ted Johnson of Portland, Ore., sent greetings to their local friends by way of the Sierra Sun.

At Santa Cruz—
Francis Robichaud will attend a domestic relations conference to be held at Santa Cruz June 10. The attorney recently left here to accept a position with the city of Sacramento to aid needy children of delinquent fathers. The conference is the first of it's kind to be held in this state.

Tarzan

by EDGAR RICE BURROUGHS

TO TARZAN'S AMAZEMENT, A SPITTING BLACK PANTHER LEAPED FROM THE TREES AND ATTACKED THE STRANGER KNIGHT.

THE CLUMSY ARMOR HINDERED THE KNIGHT AS, HELPLESSLY, HE WATCHED THE CAT CHARGE HIM AGAIN. TARZAN DISCARDED THE KNIFE AND QUICKLY REACHED FOR HIS BOW...

AS THE PANTHER LEAPED THE ARROW HIT ITS MARK!

"I THANK THEE, MAN OF THE FOREST," RESPONDED THE KNIGHT. "THOU HAST SAVED SIR ROGER, FAITHFUL SERVANT TO THE NOBLE KING ALBERT--"

AS TARZAN HELPED THE KNIGHT ONTO HIS MOUNT HE INQUIRED ABOUT HIS MISSION.

SIR ROGER SIGHED. "A FRUITLESS ONE. I SEARCHED FOR THE EVIL CONSPIRATOR AGAINST MY BELOVED KING-- HE IS CALLED THE *RED KNIGHT!*"
